OP-LI

OP-LI is a twisted connecting cable that connects the amplifier to the loop.

When the loop is more than 4 meters from the amplifier, a twisted cable is essential.

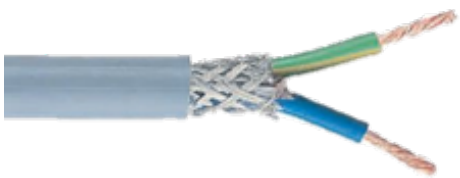

There are 3 different length for the OP-LI : 5, 10 and 15 meters.

Products reference	
OP-LI5	Length of 5m
OP-LI10	Length of 10m
OP-LI15	Length of 15m

Specifications	
Number of drivers	2
Section	1.5 mm²
Current	18A
Voltage	300/500V
Outside diameter	7.1mm
Sheath color	Grey
Line of earth	Yes
Minimum temperature of use	-40°C
